Section 1 – Introduction

This directory provides a list of Stanford Health Care Advantage’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

It is important to know which providers are part of our network because, with limited exceptions, while you are a member of our plan you must use network providers to get your medical care and services. In addition, you may be limited to providers within your Primary Care Provider’s (PCP’s) and/or Medical Group’s network. This means that the PCP and/or Medical Group that you choose may determine the specialists and hospitals you can use. See the “Using the plan’s coverage for your medical services” section of this booklet for more information about choosing a PCP.

You will have to choose one of our network providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. There are several types of physicians who may serve as your PCP, these include: Family Practice, General Practice and Internal Medicine. Also, a woman may self-refer to one of our women's health specialists (i.e., OB-GYN/GYN) listed in this directory for routine women's health services such as a Pap smear, pelvic examination and breast examination annually.

Your Primary Care Physician’s (PCP) Role

Your PCP is a physician who meets state requirements and is trained to provide you basic preventive and routine medical care. You will receive routine and preventive medical care from your PCP as well as referrals when it is necessary for you to see a specialist for specialized diagnosis, treatment, and care.

Your PCP will help you arrange or coordinate covered services such as X-rays, laboratory tests, therapies, hospital admissions, and follow-up care you receive. Your PCP and any of our plan specialists to whom you are referred by your PCP will also obtain pre-authorization with the plan on your behalf. Certain tests, procedures and services require pre-authorization in order to coordinate medical care and to help ensure that the treatment you receive is the most suitable treatment for your condition according to nationally recognized standards of medical care.

Since your PCP will provide and coordinate your medical care, you should have all of your medical records sent to your PCP’s office.

The network providers listed in this directory have agreed to provide you with your health care/vision services. You may go to any of our network providers listed in this directory;

however, some services may require a referral. Please refer to the plan's *Evidence of Coverage* for more detailed information on what types of health care services require referrals.

Instructions for Non-Network Provider Bills You Receive

Stanford Health Care Advantage will cover some health care services that you may receive from non-network providers. These services include care for medical emergencies, urgently needed care, renal dialysis that you receive when you are traveling outside the plan's service area, care that has been approved in advance by Stanford Health Care Advantage or decided to be covered through an appeal process. If a non-network provider gives you a bill for services in these situations, please contact our Member Services Department at 1-855-996-8422, or by dialing 711 for TTY services, 8 a.m. to 8 p.m., Pacific Standard Time, seven days a week (except Thanksgiving and Christmas) from October 1 to March 31, and Monday through Friday (except holidays) from April 1 to September 30. In cases where a non-network provider submits a bill directly to you, you should not pay the bill, but should submit it to the plan for processing and determination of your financial liability, if any.

Instructions for Emergency Care and Urgently Needed Care When Traveling Outside Our Service Area

You can always receive emergency care in or out of the Stanford Health Care Advantage service area from the nearest available provider. In the event of a life-threatening illness or injury, call 911 right away.

If you need care when you are traveling outside the Stanford Health Care Advantage service area, your health care coverage is limited. Covered services include emergency care (including maintenance and hospital care until your condition is stabilized and you can be discharged safely from the hospital or transferred to a network hospital), urgently needed care, renal (kidney) dialysis, and care that Stanford Health Care Advantage or a plan provider has approved in advance.

If you are not sure whether your symptoms require urgent or emergent medical care, we recommend you contact your PCP and discuss your condition and follow your doctor's advice on treatment. You may also contact our Nurse Line service, which is staffed by trained nurses 24 hours a day, 7 days a week. The Nurse Line number is printed on the back of your identification card. If you are planning a trip out of our service area and need renal (kidney) dialysis services, we suggest you call us for assistance in identifying renal dialysis providers located where you are traveling.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Stanford Health Care Advantage will be responsible for the costs.
