Drugs and prices may vary between pharmacies and are subject to change during the plan year. Prices are based on quantity filled at the pharmacy. Quantities may be limited by pharmacy based on their dispensing policy or by the plan based on Quantity Limit requirements; if prescription is in excess of a limit, co-pay amounts may be higher.

The benefit information provided is a brief summary, not a complete description of benefits. For more information, contact the plan. Limitations, co-payments, and restrictions may apply. Benefits, formulary, pharmacy network, provider network, premium and/or co-payments/co-insurance may change on January 1 of each year.

Other pharmacies are available in our network. Members may use any pharmacy in the network, but may not receive Pharmacy Saver pricing. Pharmacies participating in the Pharmacy Saver program may not be available in all areas.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.
